Principal's Message

To the Class of 1986:

As you complete your years at Jay High School and see a closing of your public school years it will be a time of memories. Look back with pleasure over the years and remember the good. Remember successes not failures and remember the special teachers and friends who made your days a little brighter.

As you move on to find yourselves in new places and with new friends take comfort in who you are and where you came from. With your new freedom and sense of individuality comes a great responsibility — a responsibility to others. For we are nothing without others, their perceptions of us make us what we are.

It is important to set standards for yourselves and goals you wish to achieve. But yet it is not what you achieve that counts as much as the joy you feel in the achieving. Stay committed to a standard of excellence in all that you do. Whatever profession you choose bring to it a sense of energy and zeal.

You have my personal wish for success and joy in all that you do. It is time to go forward.

“If you have built
castles in the air,
your work need not
be lost, that is where
they should be. Now
put foundations under
them.”

Principal

Thanks!

We would like to honor the senior advisors in our yearbook for their genuine hard work and outstanding cooperation with us, the graduating class of 1986. Our sincere thanks to Mrs. Pat Carmolli, Mr. Roland Chretien, Mrs. Linda Cook, Mr. Ken Dube, Mrs. Wilma Hobbs, Miss Jackie Pelletier, and Mr. John Taglienti.

Thank you very much and God bless you.

*Doreen Fournier and
Dave Legere*

Mr. Grayson Hartley

Mrs. Regina Hutchinson

Mr. Peter Brown

Mrs. Anita McDonald

Mrs. Colleen Reynolds

Mrs. Judy Farrington

Mr. Roland Chretien

The senior class is very grateful to Mr. Chretien for all his help during our four years at Jay High School. He has been more than willing to help the class out with all of our fund raisers. He put in many hours supervising and lending a helping hand while we were working on our Junior Prom. This year as senior class coordinator he is currently busy with homecoming and will be supporting us with all our endeavors.

Not only is Mr. Chretien a dedicated math teacher, but he shows his interest and care of the students by getting involved. He is the coach of the math team, has been an advisor to the student council, and he never fails to help the seniors with graduation.

In his spare time Mr. Chretien enjoys gardening. He is currently spending much of his time building a new greenhouse where he plans to grow organic vegetables.

Once again we would like to express our thanks to Mr. Chretien for all the help he has given us over the years.

Mr. Paul Roy

Mrs. Karen Tilton

Mr. Daniel Lemieux

Mr. Linwood Worster

Mr. Mike Simoneau

Mrs. Denise Brown

Mr. Steve Hamilton

Miss Jackie Pelletier

What would a day in P.E. be like without Miss Pelletier? Would the Junior Prom have been such a success without her constant support?

The class of 1986 wishes to thank Miss Pelletier for her devotion.

Not only does she support the senior class but she gets involved with many aspects of student life. She is an advisor for the student council, was an advisor to the J-Club, and what would the softball team do without the donuts she supplies for the first pre-season game? All that she wanted them to do was "work hard, but have a good time and enjoy what you're doing."

In the summer Miss Pelletier is the recreation program director. She also looks forward to building a new home in the near future.

Thanks again, Miss Pelletier.

Mrs. Ramona Swett

Mr. Mike Henry

Mrs. Sally Quirion

Mr. Roger Furlong

Mrs. Dora Nickless

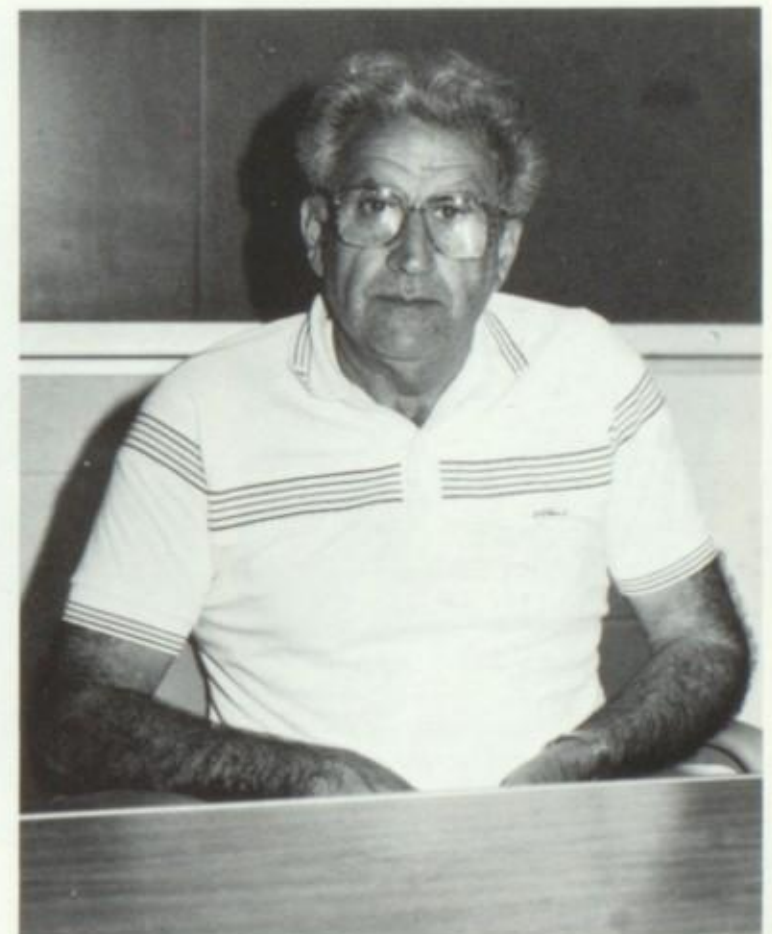

Mr. Donato Iannucci

Mr. John Taglienti

"Class C Football Coach of the Year: Mr. John Taglienti of Jay High!" Tag has taught and coached here since 1951 and is highly respected not only among students and staff but also throughout the community.

Tag has also been a great help to our class throughout our high school years. As class coordinator our sophomore year he supported us with the car wash and in selling popcorn during basketball games. He also has supported us with fundraisers our other three years.

Tag, we salute you as Coach of the year, and especially for all the help you've given us during our years at Jay High School.

Mrs. Patricia Rowe

Mrs. Melissa Allen

Mr. Ken Dube

Mr. Richard Millet

Mr. William Biliouris

Mr. Dube has been teaching at Jay High since 1961. Through the years he has been active in many different aspects of school life. In the early years of his teaching he not only taught math but also coached sports. His senior math class has prepared many students for success in college math courses. This year he has taken on the added responsibility of teaching calculus.

We, the senior class will be forever grateful to him for helping us start off our high school years successfully. As freshman class coordinator he supported us during the annual Freshman magazine drive, in which we raised close to \$2,000.

Our thanks to you, Mr. Dube.

Mr. Robert Fitzgerald

Mr. Clifford Weymouth

Mrs. Linda Cook

Mrs. Jeannette Conant

Mrs. Patty McDonald

The senior class would like to express our thanks to one busy lady. Mrs. Cook has never failed to help with fundraisers during our four years at Jay High School and she is always there to lend a helping hand no matter what the problem.

Mrs. Cook's major involvement in extracurricular activities is as yearbook advisor. She has spent many late nights making sure pages are finished and deadlines are met to see that each year the yearbook is just slightly better than the last. It takes an extremely positive attitude to put up with all the confusion of putting out a yearbook and this is definitely one of Mrs. Cook's qualities.

Thanks again, Mrs. Cook for your constant support.

Mrs. Paula Swenson

Mrs. Joyce Couture

Mr. Michael Moore

Mrs. Margaret Haynes

Mrs. Priscilla Farrington

Mrs. Shirley Couture

Mrs. Jean Breton

Mrs. Pam Miller

Mrs. Jeannine Perreault

Mrs. Doris Stanley

Mr. Al Andrews

Mr. Brian Shink

Mrs. Wilma Hobbs

Mrs. Hobbs has been teaching at Jay for seven years. Along with her teaching duties, she is also very busy as advisor for FBLA, which she organized in 1984, the first business club at Jay in over ten years. Mrs. Hobbs is also President of the Jay Teacher's Association, which does not give her much spare time.

Mrs. Hobbs continually updates her knowledge of the business world by attending conferences in many different states.

Thank you, Mrs. Hobbs, for everything you have done for the Class of 1986.

Mrs. Gerry Bibeau

Mrs. Jeanne Holman

Mrs. Sally Dean

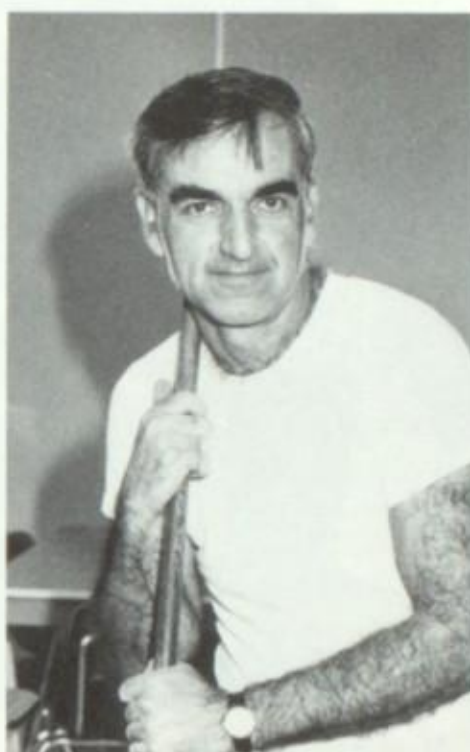

Mrs. Shirley LeSeur

Mr. Peter Cornelio

Mr. Harold Johnson

Mr. Ken White

Mrs. Carmolli moved to this area eight years ago from Hollywood, Florida and she has been teaching at Jay ever since. As a dedicated business teacher, she developed the word processing course, and is responsible for acquiring the two computers in the business department. She is always available and willing to help out no matter what the problem may be.

Mrs. Carmolli spends her summers in Boothbay Harbor working at her business, Downeast Candy.

The senior class would like to thank you, Mrs. Carmolli, for all your help and support during the last four years.

Dear Mrs. Cook and Mrs. Tilton:

We are deeply sorry that you weren't able to attend the 10th reunion of the Class of 1986. We thought that since you couldn't be there, that it would be nice to update you on the status of the former student body.

Robert Beliveau is president of Lee Olds Cadillac. Working for him as mechanics are **Rick Romano**, **Robbie Corcoran** and **Tim Hebert**. **Wendy Finley** has a veterinarians office, right next door. If your animal should die in **Wendy's** hands, **Steve Henry** has a taxidermy shop right across the street.

We were extremely lucky to have one of the best groups in the United States to play at our reunion. The members consisted of **Bob Preble** on drums, **Rhonda Breton** as lead singer, **Mike Harding** on base, and **Wesley Norton** and **Jay Poulin** on lead guitar. They are touring Europe next month.

Our class was extremely lucky to have such great athletes. **Brian Metivier** and **Randy Landry** are partners in the Pro Golf Association. **Mark Bonnevie** is a basketball player for the Boston Celtics. **Ron Veilleux** is starting centerfield for the Red Sox, and **Scott Cornelio** used to play for the New England Patriots until he broke both of his legs, now he lives a luxurious life in Las Vegas.

We had some gold medalists at our reunion: **Butch Bryant** has qualified for the American Down Hill, **Dave Marquis** is entering the Mr. USA competition with **Tony Cerrato** as his trainer. **Richard Oliver** is a gymnast, while **Donny Buck** biked in the summer Olympics and **Warren Newton** has qualified for the New York Marathon.

In local sports, **Kathy Purington** has taken over Miss Pelletiers' place, she has also taken over the softball team, with the help of **Laurie Huff**, who used to play college softball. They haven't lost a game since 1989. Since we are on the subject of the school system, you wouldn't believe how it's changed. **Jennifer Partridge** teaches history and **Tracy Shink** is the home economics teacher. Coach got done a few years back and **Rick Farrington** took his place as Gym Instructor and football coach.

Most people have stayed right around Jay. **Melinda Lewis** and **Tracy Girardin** run a pizza shop called Mat's. **Barbie Jewett** is a secretary for the I.P. Mill. **David Bibeau** and **Danny Boivin** work at the I.P., but during their vacations they go Big Game hunting in Africa.

Ken True works for Ware Butler which is now owned by **Mike Smith**. **Wendy Calden** works at the I.P. as an accountant. **Dale Williams** is another that works at the I.P. and often he trains for marathons with **Warren Newton**. **Tracy Cronkhite** is a nurse at Franklin Memorial Hospital, where **Alice Wright** works as a guidance psychologist.

Corrine St. Pierre has become a nun at St. Rose. She is the replacement that we haven't had since 1985.

Well I guess **Rachel Dubord** is making a good profit selling cosmetics. She works with **Jim Ouellette** who is a hair stylist. Their shop is located in Lewiston. Speaking of people who have moved, **Sue Perreault** works up in Boothbay — she owns her own motel.

Ginger Cook is a pilot and **Barbie Turner** is a stewardess. But when they are not flying they go visit **Sue** in Boothbay. **Jody Diaz** inherited his father's construction company and moved it to Alaska. **Barry Butterfield** works for Jody as chief architect. Speaking of people who have moved, **Christie Hogan** and **Pam Seamon** have moved to France. Maybe they'll bump into **Anna Quirion** and **Michele Raymond** who model clothes for Calvin Klein in Paris. **Tina Mowinckel** went back to Norway. It is reported that she's a successful business leader.

We really can't tell you about **Melanie Farrington**, she has been missing for about six years. Most people believe that she was taken by **David Legere** who is keeping her in his darkroom.

As we look back at our class we realize what successful business people and politicians we have. **Stephanie McDonald** became the first woman president of the United States. While **Dana Therrien** is her Vice President. **Chris Bryant** is President of IBM. **Tom Landry** and **Skip Bessey** own a chain of clothing stores. **Ron Buckingham** has several McDonald's Franchises in the area.

Tony Flagg is a political cartoonist, he is syndicated in 25 states. While we are on the subject of news papers, **Tim Swett** has taken over for Mr. Downtown and **Doreen Fournier** writes a column called **Dear Doreen**. **Kathy Tibbetts** is a struggling artist but I'm sure she'll make it since she sold a painting for \$25,000.00 at the reunion.

Michelle Flagg has married a rich business man and is living quite well in California. **Sherry Rackliff** had the first set of quadruplets in town. **Rick Landry**, **Ellen Harris** and **Eric Farrington** are all successful career soldiers. **Erica Samson** is still going to college. While taking a course on physical therapy she decided that she wanted to become a doctor, she's almost done now. We have a new law firm in town run by **Paul Deschene**. **Sarah Greenwood** works for him as a legal secretary and **Tammy Lane** is a paralegal. While upstairs **Kim Folsom** and **Missy Esty** run an accounting firm. **Jim Shink** took over a local bar and has **Duane Pollis** and **Carl Marchetti** as his bouncers. I can't forget the stars of the new soap opera, "As the Clock Ticks." Would you believe the cast, **Tina Ferro**, **Ed Mardosa**, **Julie Drummond**, and **Mona Miller** — what a show!

We have three other stars in our class. **Ann Cornelio** is an opera singer for the New York Philharmonic Orchestra. **Kevin Poulin** is a stand up comic appearing in Las Vegas, and **Robbie Bomaster** is the morning D.J. at WIGY.

We hope to see you at our 20th reunion.

P.S.

Mary and I have just come back from a business trip. I have a new electrical business and Mary is my financial advisor and a major member of the board of directors.

Your senior editors for the Class of '86.

The class of 1987 has tried to conquer a few things since our Freshman year. It started out when we had a magazine drive and exceeded the previous school record. We also held a dance to raise money for our class. During our Sophomore year we won pep week by a wide margin. When the snow came, in Mid-December, we held a Christmas dance which was enjoyed by all. As the weather got warmer we had a very profitable car wash with the assistance of most of the class. Not only did we wash cars, we also had a few water fights.

As we start our Junior year we are eagerly awaiting Junior prom. We are going to try extra hard to have a come back to defeat the underclassmen and especially the Seniors in Winter Carnival. We are all looking forward to a nice summer vacation and to coming back as mighty Seniors.

We will miss the smiles that we receive from the Seniors. We hope that they all have a successful and fulfilling life after graduation.

This year the sophomore class plans to have two fund raisers. First we want to have a supper before a basketball game. Then sometime in April we are planning on having a talent show. We would like to thank our advisors, Mr. Furlong, Mr. Henry, Mr. Iannucci, Mrs. Nickless, Mrs. Quirion, and Mrs. Swett, for all the help they have given us this year. We wish the class of "86" lots of luck in the future.

FRESHMEN

The Class of '89 in '85

This year, the class of '89 is having a good year. For starters, we were the first Freshman Class to win Pep Week. Scheduled for our two fund raisers are a Magazine Drive in February or March, and a Car Wash on the day of the Prom.

The Class of '89 wishes to extend congratulations to the graduating Seniors. Good luck in the Future!

Student Council

The Student Council has made many changes this year. First of all it expanded to have four members from each class and included class presidents at the meetings. We have a new constitution. Parliamentary procedure is now used in the meetings to give them order and to allow extra time to deal with more issues. Ideas and actions are more student oriented with our advisors taking a smaller role in the meetings. It has become more organized, efficient and fun!

A terrific Pep Week was held with some new ideas

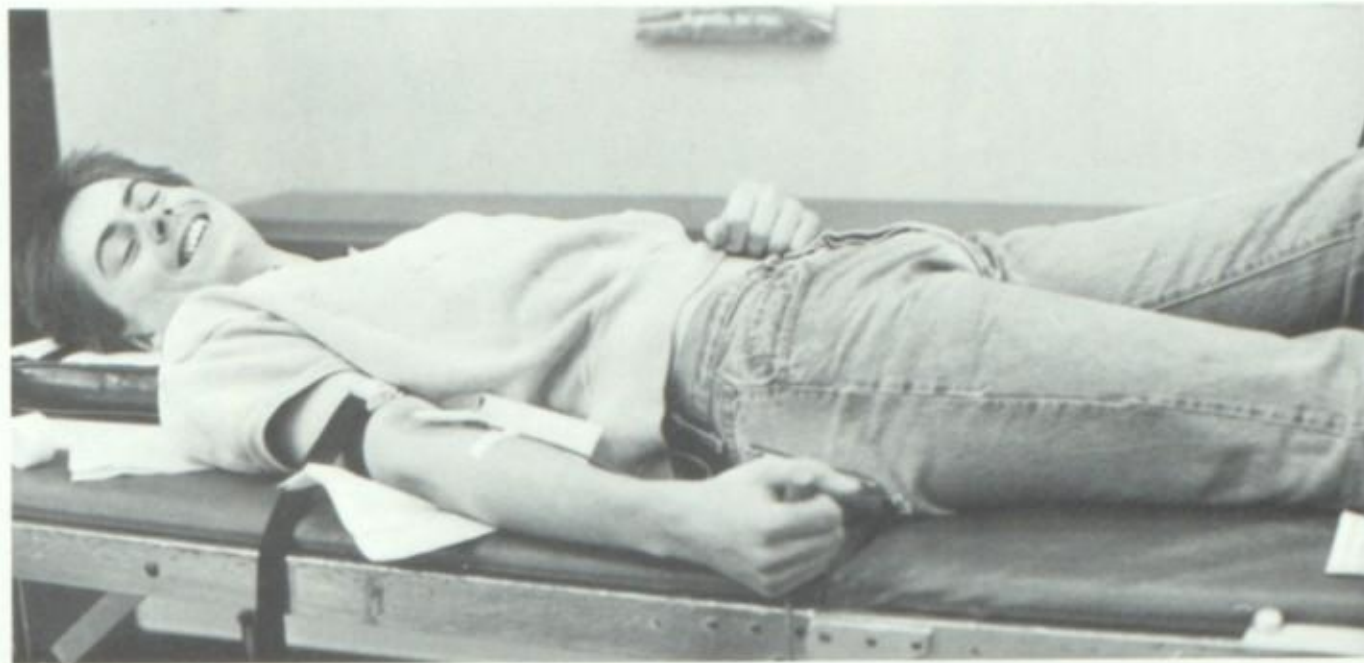

including a poster contest with penny voting, a prize for the winning class and Toga Day! The blood drive was successful collecting 41 pints. We established teacher appreciation week. Each teacher had a "secret pal" and received a surprise every day whether it was a note or gift. It lifted everyone's spirits and was great fun for all! Christmas parties were held for each class the day before our vacation. There was a tree decorating contest and lots of food was eaten by all. It was a first for JHS.

The student council found great pleasure in preparing the food baskets for the needy people in our community. **Back, 1 to r:** Debbie Friel, Beth Hebert, and Kobi Chase. **Front, 1 to r:** Gayle Eastman, Donna Turner, Faye Parker, Melanie Farrington, Ann Cornelio, and Jason McLaughlin.

Hectic Week at Boys' State

Boys' State was held from June 17 to 23 at the University of Maine at Orono. The top 500 Juniors from Maine got together to learn about local and state government.

The schedule for the week was quite hectic. During the morning everyone went to different meetings where we got our first taste of parliamentary procedure. We took an imaginary town and debated proposed laws for that town's people. The majority of the afternoon was taken up by organized sports and studying. After din-

ner we went to a state meeting. For three of those five meetings we debated with the Nuclear Regulatory Commission on the question of nuclear power in Dirigo. There was so much argument that nothing was settled. Finally after the state meeting everyone went back to the dorms to campaign for offices and talk until lights went out.

Other than the regular routine, the residents of Dirigo had many ways of venting their frustrations. The bookstore sold

out of squirt guns. During free time there were water fights all over the place. Several towns declared war on the city of Ames and some people were bombed from dorm windows with water balloons.

Overall, Boys' State was a good experience for all. It exposed those involved to local and state government. It also gave the leading Juniors in the State a chance to meet and compete with each other and make lasting friendships.

Girls' Staters Love Shirley

"We love you, Shirley" That statement accompanied by a high-reaching, wiggling arm was one of the most used phrases of the Girls' State experience. Shirley Williams was the director of the week long, mock-state democracy. The students who attended were Melanie Farrington, Pam Seamon, Doreen Fournier,

and Stephanie McDonald. Their alternates were Laurie Huff, Tina Ferro, Erica Samson, and Tracy Cronkhite. Stephanie brought back the Second-Best Outstanding Representative award. The week consisted of singing, many town meetings, voting on bills, election of county officers

and finally election of State officials and the governess. As in "real life" situations, political rallies were held by both parties, the Nationalists and the Federalists. The locations of Dirigo Girls' State was Husson College in Bangor. A fun time was had by all.

This is the second year of the Future Business Leaders of America at Jay High School, with a current membership of thirty-nine students, and the following officers: President, Tina Ferro; Vice-President, Wendy Calden; Secretary, Barbie Jewett; Treasurer, Michelle Raymond; Parliamentarian, Angela Ditata; Historian, Sherry Rackliff; and Reporter, Wendy Finley, with Mrs. Hobbs as advisor.

Last spring seven members attended the Annual State Conference which was held at the Golden Fan Inn, in Brunswick for two days. Having a theme "Make It Your Business." The following students participated in the contests which were available: Barbara Jewett, Job Interviewing; Karen Perreault, Spelling; and Dina Diguissippe in Business Math, where she placed fourth.

The members had a lot of fun working with the Honor Society organizing and sponsoring the Winter Carnival last winter. This year plans are already being made, as an earlier date has been set — February 14. The events, especially the cake eating contest, were fun for all, and the crowning of the King and Queen at the dance was the highlight of the gala affair!

The FBLA meetings ended in May with a banquet and installation of the 1985/86 officers which parents attended. Gifts were presented to our departing seniors along with our good-byes.

In October, parents were invited to the initiation of new members; Amy Tangerman, State FBLA president, conducted the ceremony with the Jay officers assisting. Refreshments were served.

Many members attended the Fall Leadership Conference held at the Wiscasset High School. It was especially helpful to the officers, as the Conference provides training and direction to each Organization and Officer (of course, the stop at McDonald's was fun!)

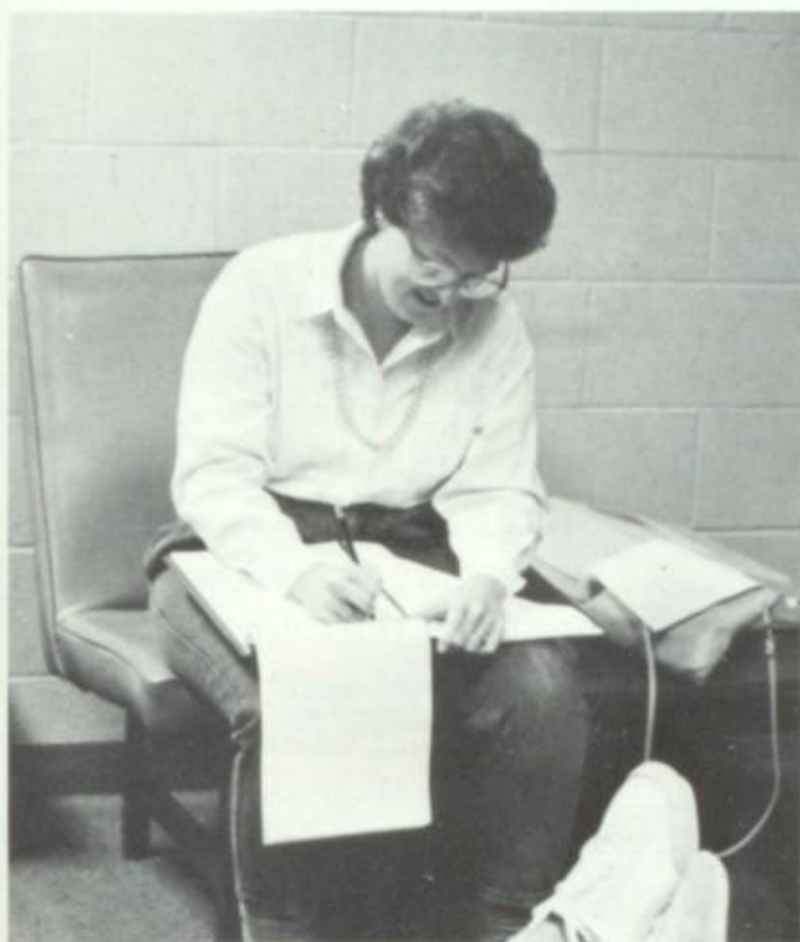

At the November meeting, a secretary from a local law firm office was guest speaker, and she described her work and responsibilities at the office. She answered many of the members' questions and illustrated a typical day.

A Christmas party is on the agenda, a donation of a turkey plus canned and baked goods for the Christmas baskets, and the Winter Carnival are keeping the members busy.

OFFICERS: Front Row, l to r: Barbie Jewett, Tina Ferro, Wendy Calden, Michele Raymond. **Second Row, l to r:** Sherri Rackliff, Wendy Finley, Angela Ditata.

Left to Right: Doreen Fournier, Melanie Farrington, Kathy Cyr, Colleen Hennessy, Mrs. Patricia Rowe, Stephanie McDonald, Terrence Doiron, Erica Samson.

The National Honor Society has been very involved with Operation Santa Claus this year. We bought seven gifts for less fortunate children and we also delivered presents for the K of C. We are planning Winter Carnival events as well as the dance for Feb. 14. We may also have a "free" dance in the spring.

State Champs Try for Two in a Row

This year's Pi-Cone Math team is working extremely hard to repeat last year's accomplishments.

The inexperience of this year's team is also evident. We have a number of Freshmen on the team for the first time plus some upperclassmen who have not participated before.

The past year's victories in the MVC, Pi-Cone North, and State meets leave little to achieve other than a repeat performance.

With the time that is being put in by the members of the team, many victories will be assured.

Seated, l to r: Melanie Farrington, Laurie Huff, Erica Samson, Tina Mowinckel, and Kevin Henry. **Standing, First Row, l to r:** Wayne Buckingham, Beth Tilton, Kathy Tardif, Barbara Tilton, Dave Gilbert, and Terry Doiron. **Back Row, l to r:** David Legere, Ken Pease, Chris Bryant, Rob Bomaster, Bob Heald, and Coley Hogan.

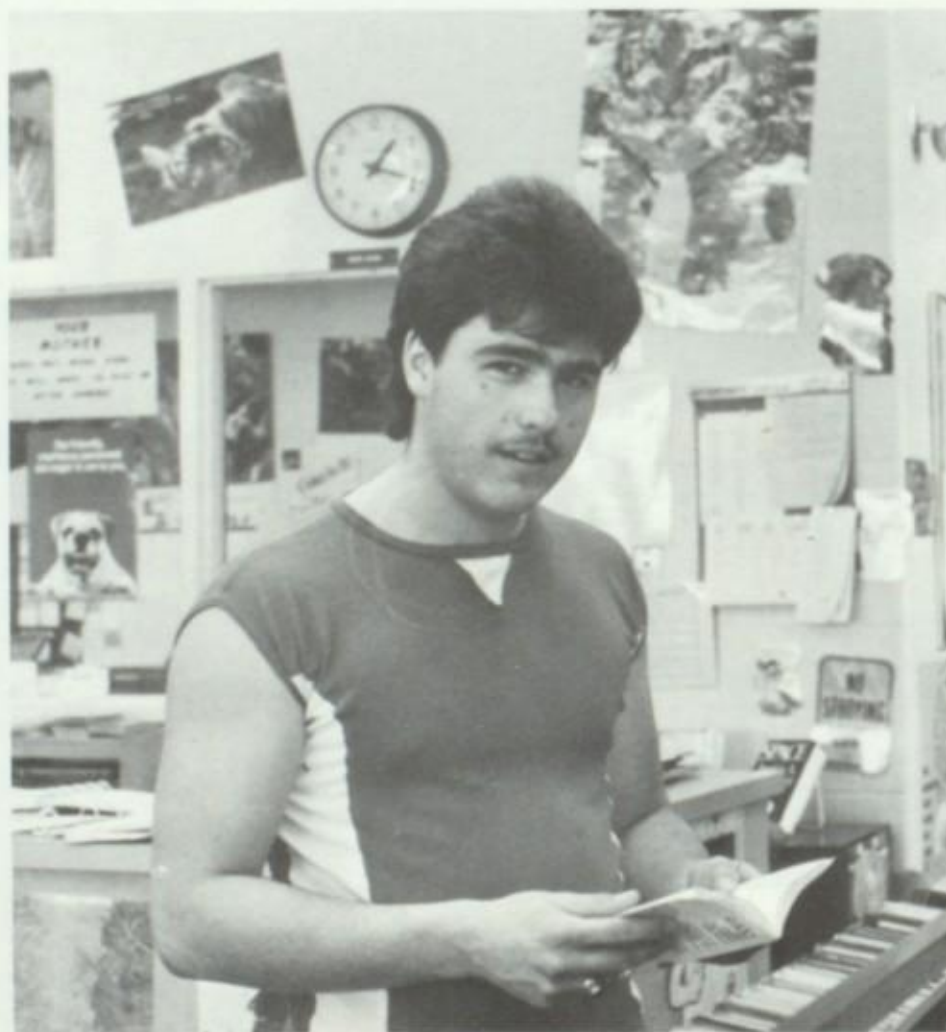

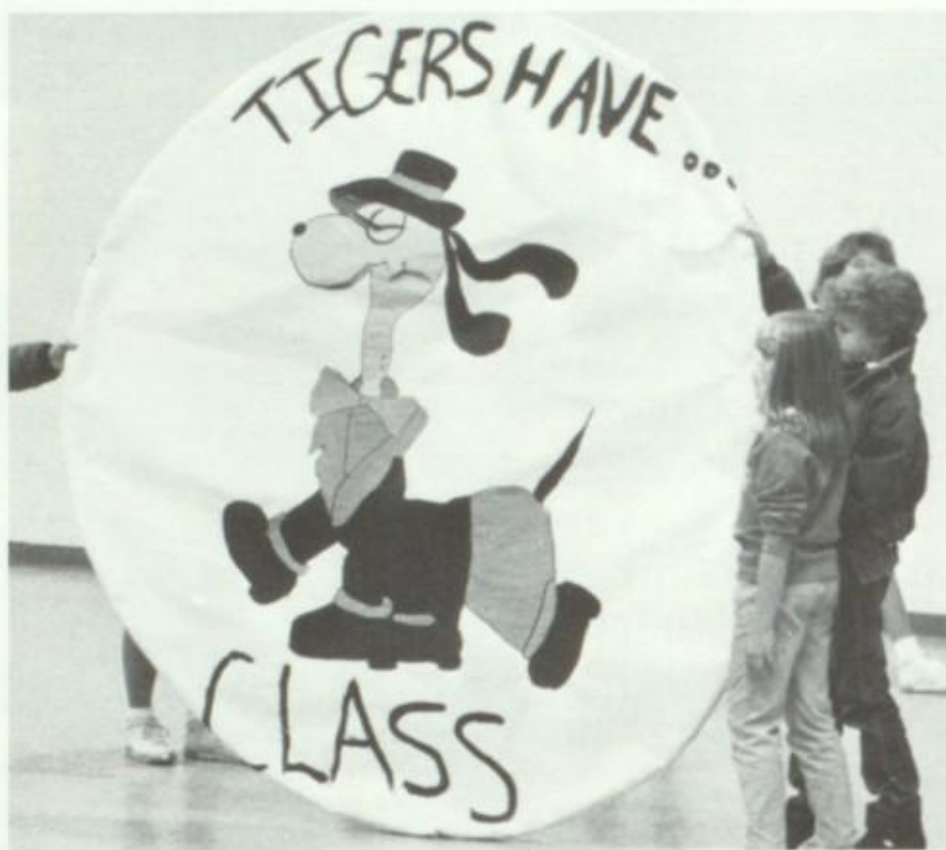

Elan provides an opportunity for students to study individually, in any scientific area of their choice. Each student is expected to complete a scientific project every quarter. The class has taken trips to Augusta, Tumbledown Mt., and Maine Yankee Nuclear Power Plant. Each student submitted a project as an entry in the Maine State Science Fair, held in Farmington, Maine, in April.

The Kenneth A. Foster Regional Vocational Center or Mt. Blue as its known throughout the building, has been providing Jay students the opportunity to gain skills not attainable at Jay High School. The center offers automotive mechanics, health occupations, electricity, drafting, data processing, forestry, metal trades, vocational foods, and carpentry. The skills learned at the center prepare students for entry level jobs.

This year, a new drama club was formed, Centerstage. In the fall, a full-length straight play, "The Crucible," was performed. The Centerstage seniors put on "The Grinch That Stole Christmas" for an elementary assembly before Christmas break. In the spring, "The Boyfriend," will be the major musical, as well as the major production. "Lip Sync" will also be put on in the spring. The awards, initiation, and induction ceremony will end the year out.

Last summer we went to Amherst, Massachusetts and participated in a yearbook seminar. The seminar lasted only for four days but what we learned in those days was incredible. Incredible is the feeling that stayed close to us as we approached this new year. Change was also a new word in the Breezes vocabulary and we were all for using it. Although all our plans did not get used, some of these sparked new and creative ideas among our staff members. We feel this book was put together with as much professionalism as ever seen at Jay High. We are quite proud of our yearbook and hope you will enjoy this yearbook along with us.

Tutoring program in the resource room

This program is designed for students who have an interest in helping their peers or perhaps have the profession of teaching as a career goal.

As a tutor a student works daily, one on one, giving help, instructions, and support to students. Subjects range from Reading, Math, English, History, Geography, Consumer Skills, Vocational and Pre-Vocational Skills.

A tutor receives $\frac{1}{2}$ a credit per semester plus satisfaction knowing he/she has helped another student feel or be more successful.

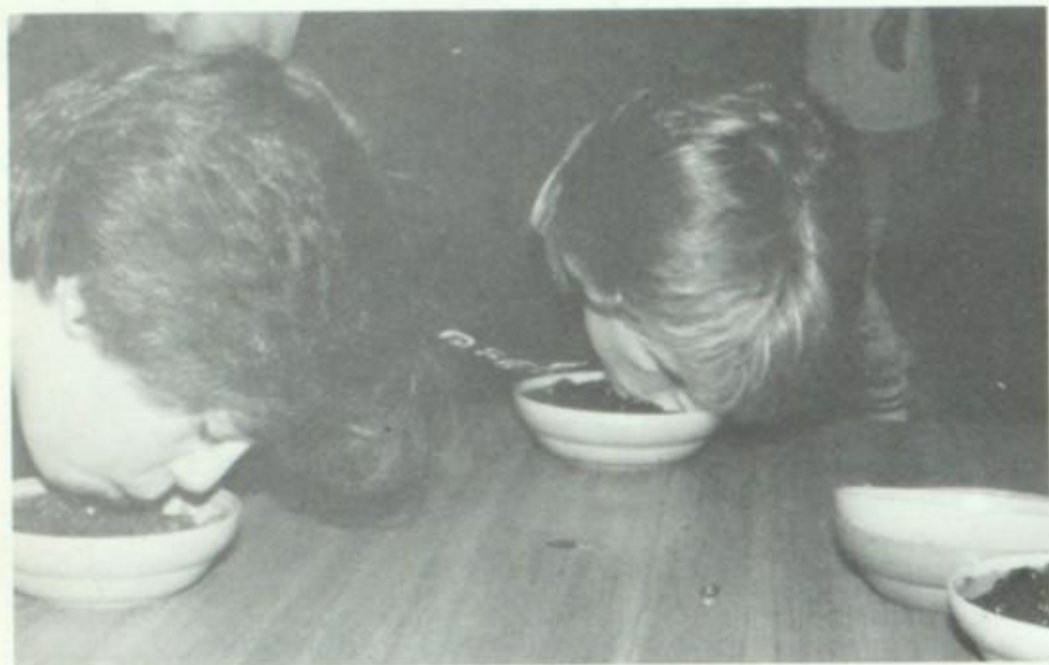

The 1985 Homecoming Dance was the first one held at Jay High School in recent years. The Senior Class sponsored the dance held October 25, the night after the tremendous victory over Livermore Falls, in an effort to start a lasting tradition for future years.

Music was provided by Jerold Burdin enabling the students to dance until eleven o'clock and celebrate a victorious season for fall sports.

The walls were adorned with scarecrows, fall colored leaves, and fall sports symbols with senior names written upon them. The doors were decorated with crepe paper, and pumpkins with cornstalks were placed near the doors.

The Homecoming dance was a huge success and will be remembered for years to come by all who attended.

WINTER

This year's Winter Carnival was an exciting and fun filled "Carnival of Hearts." The N.H.S. and F.B.L.A. led by advisors Mrs. Pat Rowe and Mrs. Wilma Hobbs respectively worked late nights in preparation of the gala events and the climatic dance. Her highness Julie Seamon and his majesty Robert Beliveau were the crowned victors, Julie Seamon led the Junior class to its crown by selling more tickets for the raffle over second place Senior Tina Mowinckel, third place freshman Kristin Leclerc, and fourth place sophomore Nicole Brundage. Robert's senior team won over juniors Scott Higgins, in second place, the freshman Marc Poisson in third place, and the last place sophomore Curt Buote.

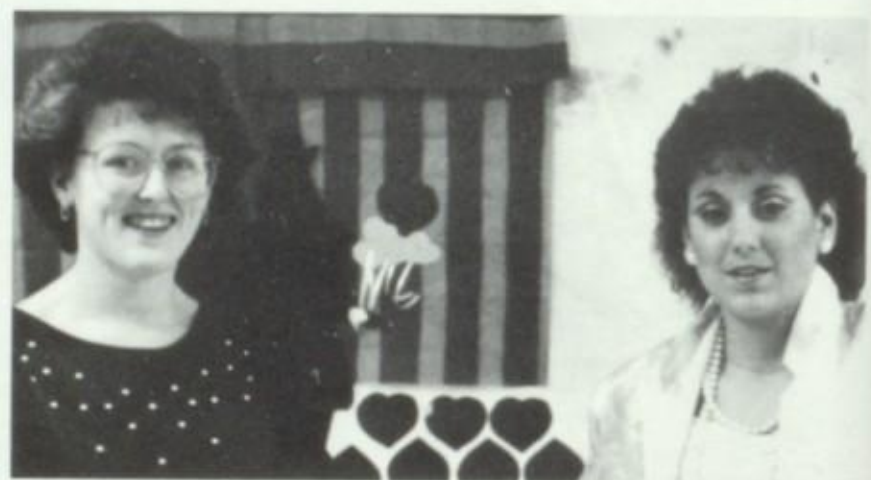

CARNIVAL

The events included an obstacle which involved a crab walk, bowling pins, somersaults, and jello-eating and an egg toss, both on Wednesday after school. On Thursday there was the throw-a-pie-at-the-teacher contest and a life saver relay. The final event day was Friday which contained the crossball games and the baby bottle sucking contest. The dance was held Friday evening rounding out a fun Valentine's Day for all.

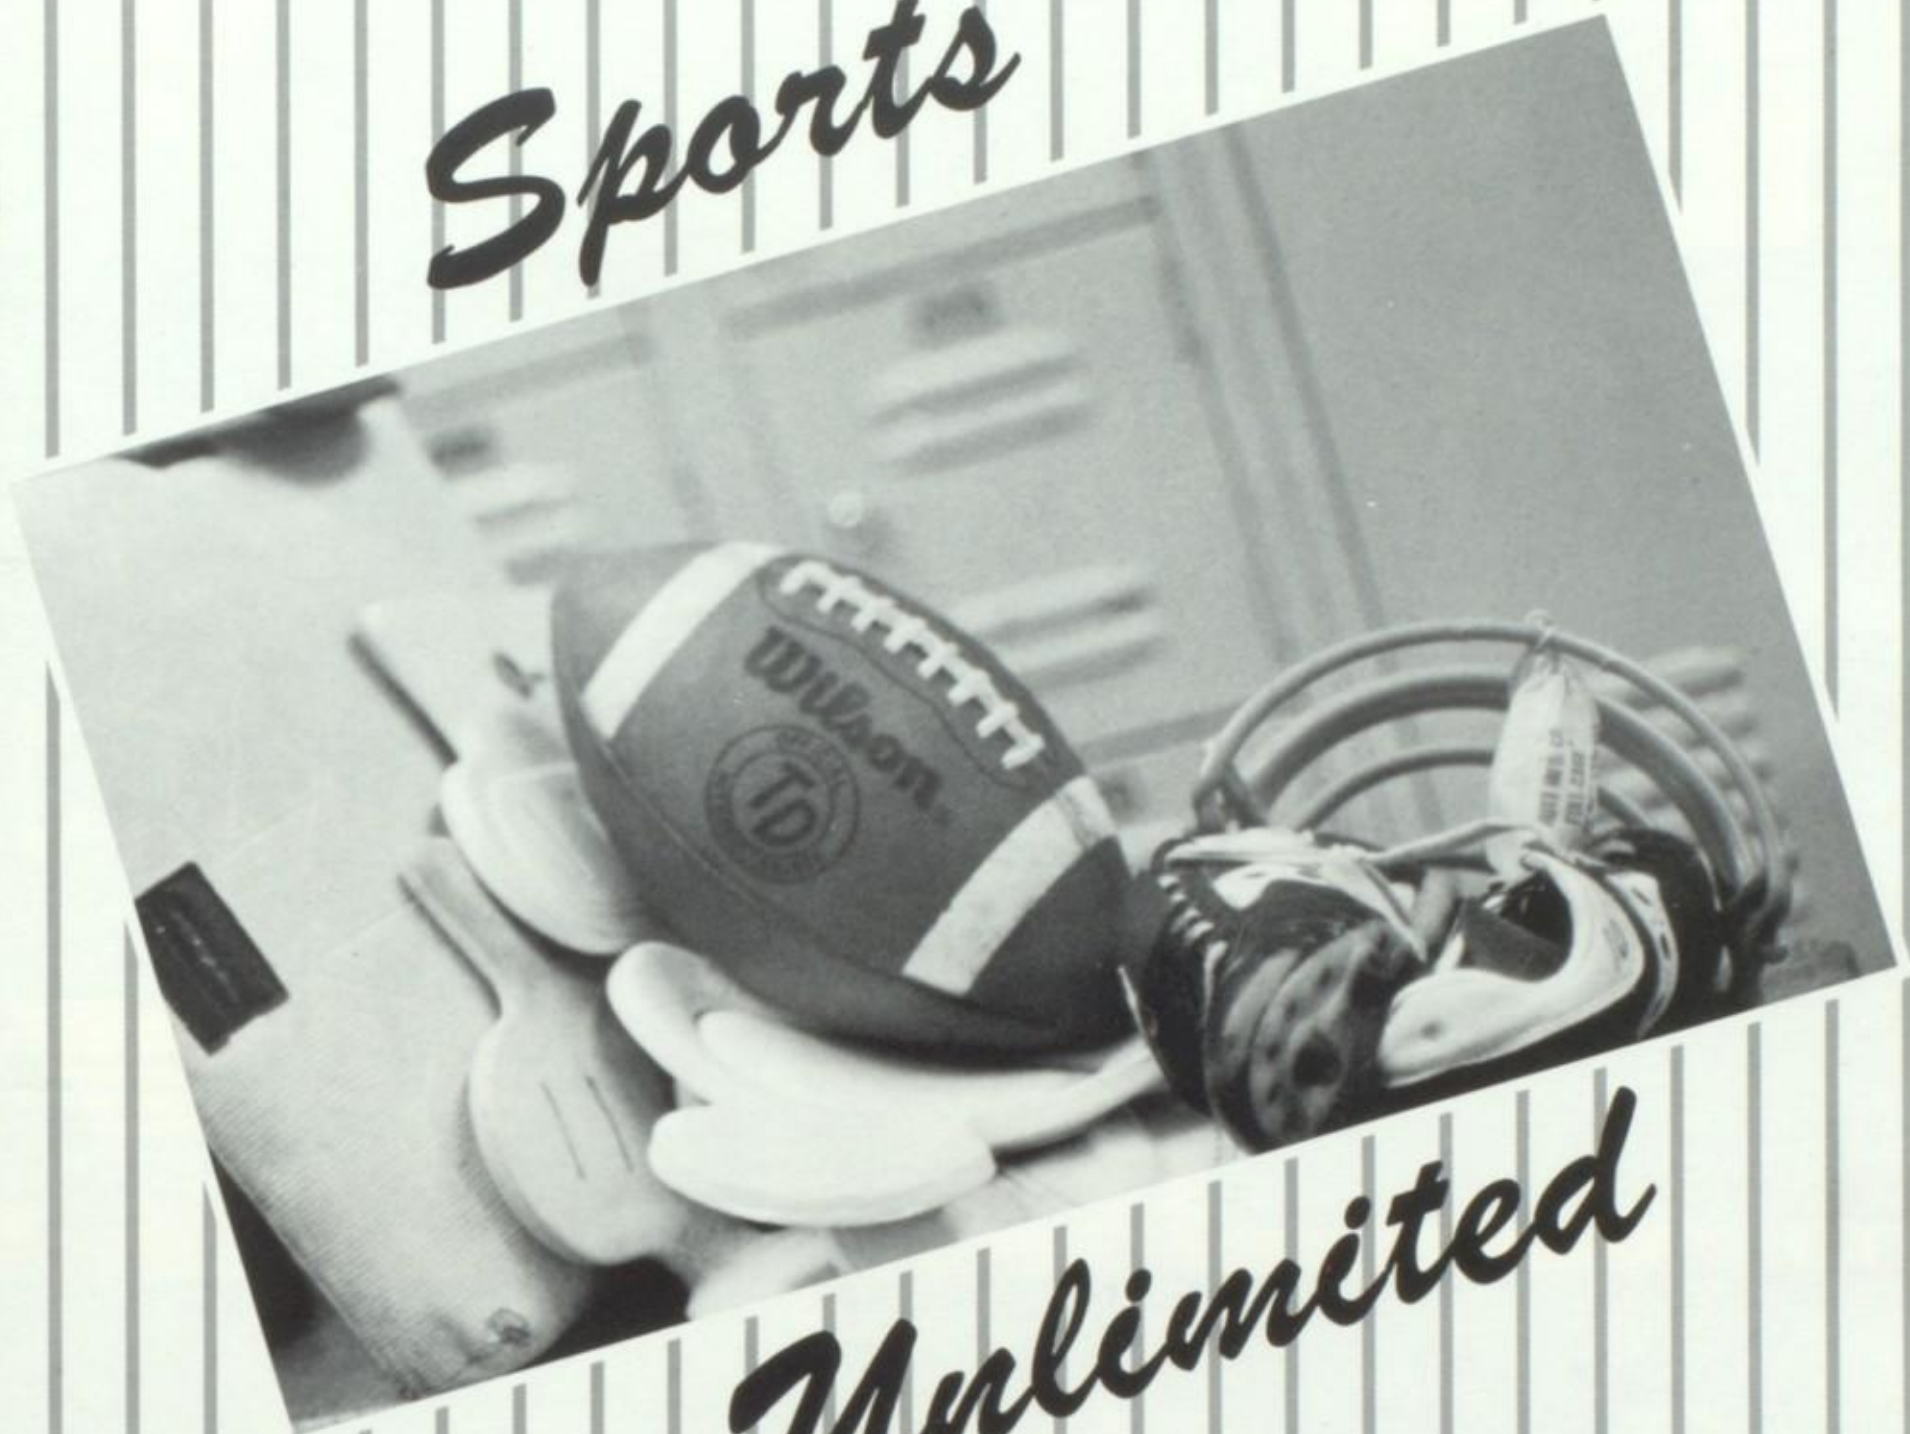

Left to Right: Nicole Brundage, Kristin Leclerc, Tina Mowinckel, Queen Julie Seamon, King Robert Beliveau, Scott Higgins, Curt Buote, and Marc Poisson.

MVC CHAMPIONS!

The football season started off with our team being down in number of candidates from the previous years, but above average as to size of our players. With this extra weight things were certain to happen in both offense and defense.

We lost our game with Old Orchard Beach which sent us to work on our mistakes before the next game. The staff and players did this with strong commitment, effort, and determination to do better. Well it paid off, the team won the next eight games and the MVC Championship.

By winning the MVC, we now were to face Old Orchard Beach in the play-offs and later to play for the state championship. The team practiced and played that game only to lose to Old Orchard Beach on November 2 (19-7). I know the Jay Tigers gave 100% that day which is all you can ask of any athletic team.

This year backfield had speed, power, and good balance of running the football. The quarterback did a super job in executing the Wish-Bone Offense. He showed great leadership on and off the field. The defense was just tremendous in every game.

I hope next year, we can have more candidates to build our program in the freshman level as this is where it all has to start to make the Jay High Tigers' future years promising for a sound varsity football unit.

At this time, I would like to congratulate all the players for a very fine season in winning 80% of their games and the MVC, also, the super work of the coaching staff, day in and day out, since the beginning of the season in bringing about this recognition for Jay High School.

The 1985 Junior Varsity Football team had a very fine season with a 4-1 record. I was particularly pleased with the defensive unit which was practically unyielding against the opposition's ground attack. The defensive team continually provided excellent field position for the offensive team which featured a well-balanced running and passing attack.

With a lot of hard work many of the '85 JV football members should be ready to be added to an already strong nucleus of the 1986 Varsity squad.

The freshman football team was small in number and it was uncertain whether the team would exist. The season took shape as the freshmen progressed with an easy victory over Mexico. The exciting finish with a victory over Messalonskee left the freshmen with a 2-4 record. The season was looked upon as a building and learning experience.

The 1985 field hockey season was a pleasant surprise. Losing 9 starters last year meant starting all over this year. We had a lot of young talent and all grade levels working together. The upset over Messalonskee was one of our biggest games, and making the tournaments this year took a lot of hard work and determination on the players part. Congratulations to all Seniors and good luck in the future years.

VARSITY FIELD HOCKEY

The 1985 J.V. field hockey team is one to be proud of. They have shown me that they have the potential and the willingness to excel in making the varsity team a better one in future years. Their ability to work as a team is one that any coach would be proud of. My best to all of you for giving me a memorable and enjoyable coaching year.

This year's Jay Varsity seemed to be on a roller coaster. There seemed to be ups and downs. In one stretch, it seemed that we wouldn't even go to the tourney (losses to Lisbon and Mexico). We rallied when we won five out of our last six games. A late season upset of Livermore Falls enabled us to get by in the tournament's first round. This team ended the year with a 13-6 record and fourth place finish in the Western Maine standings.

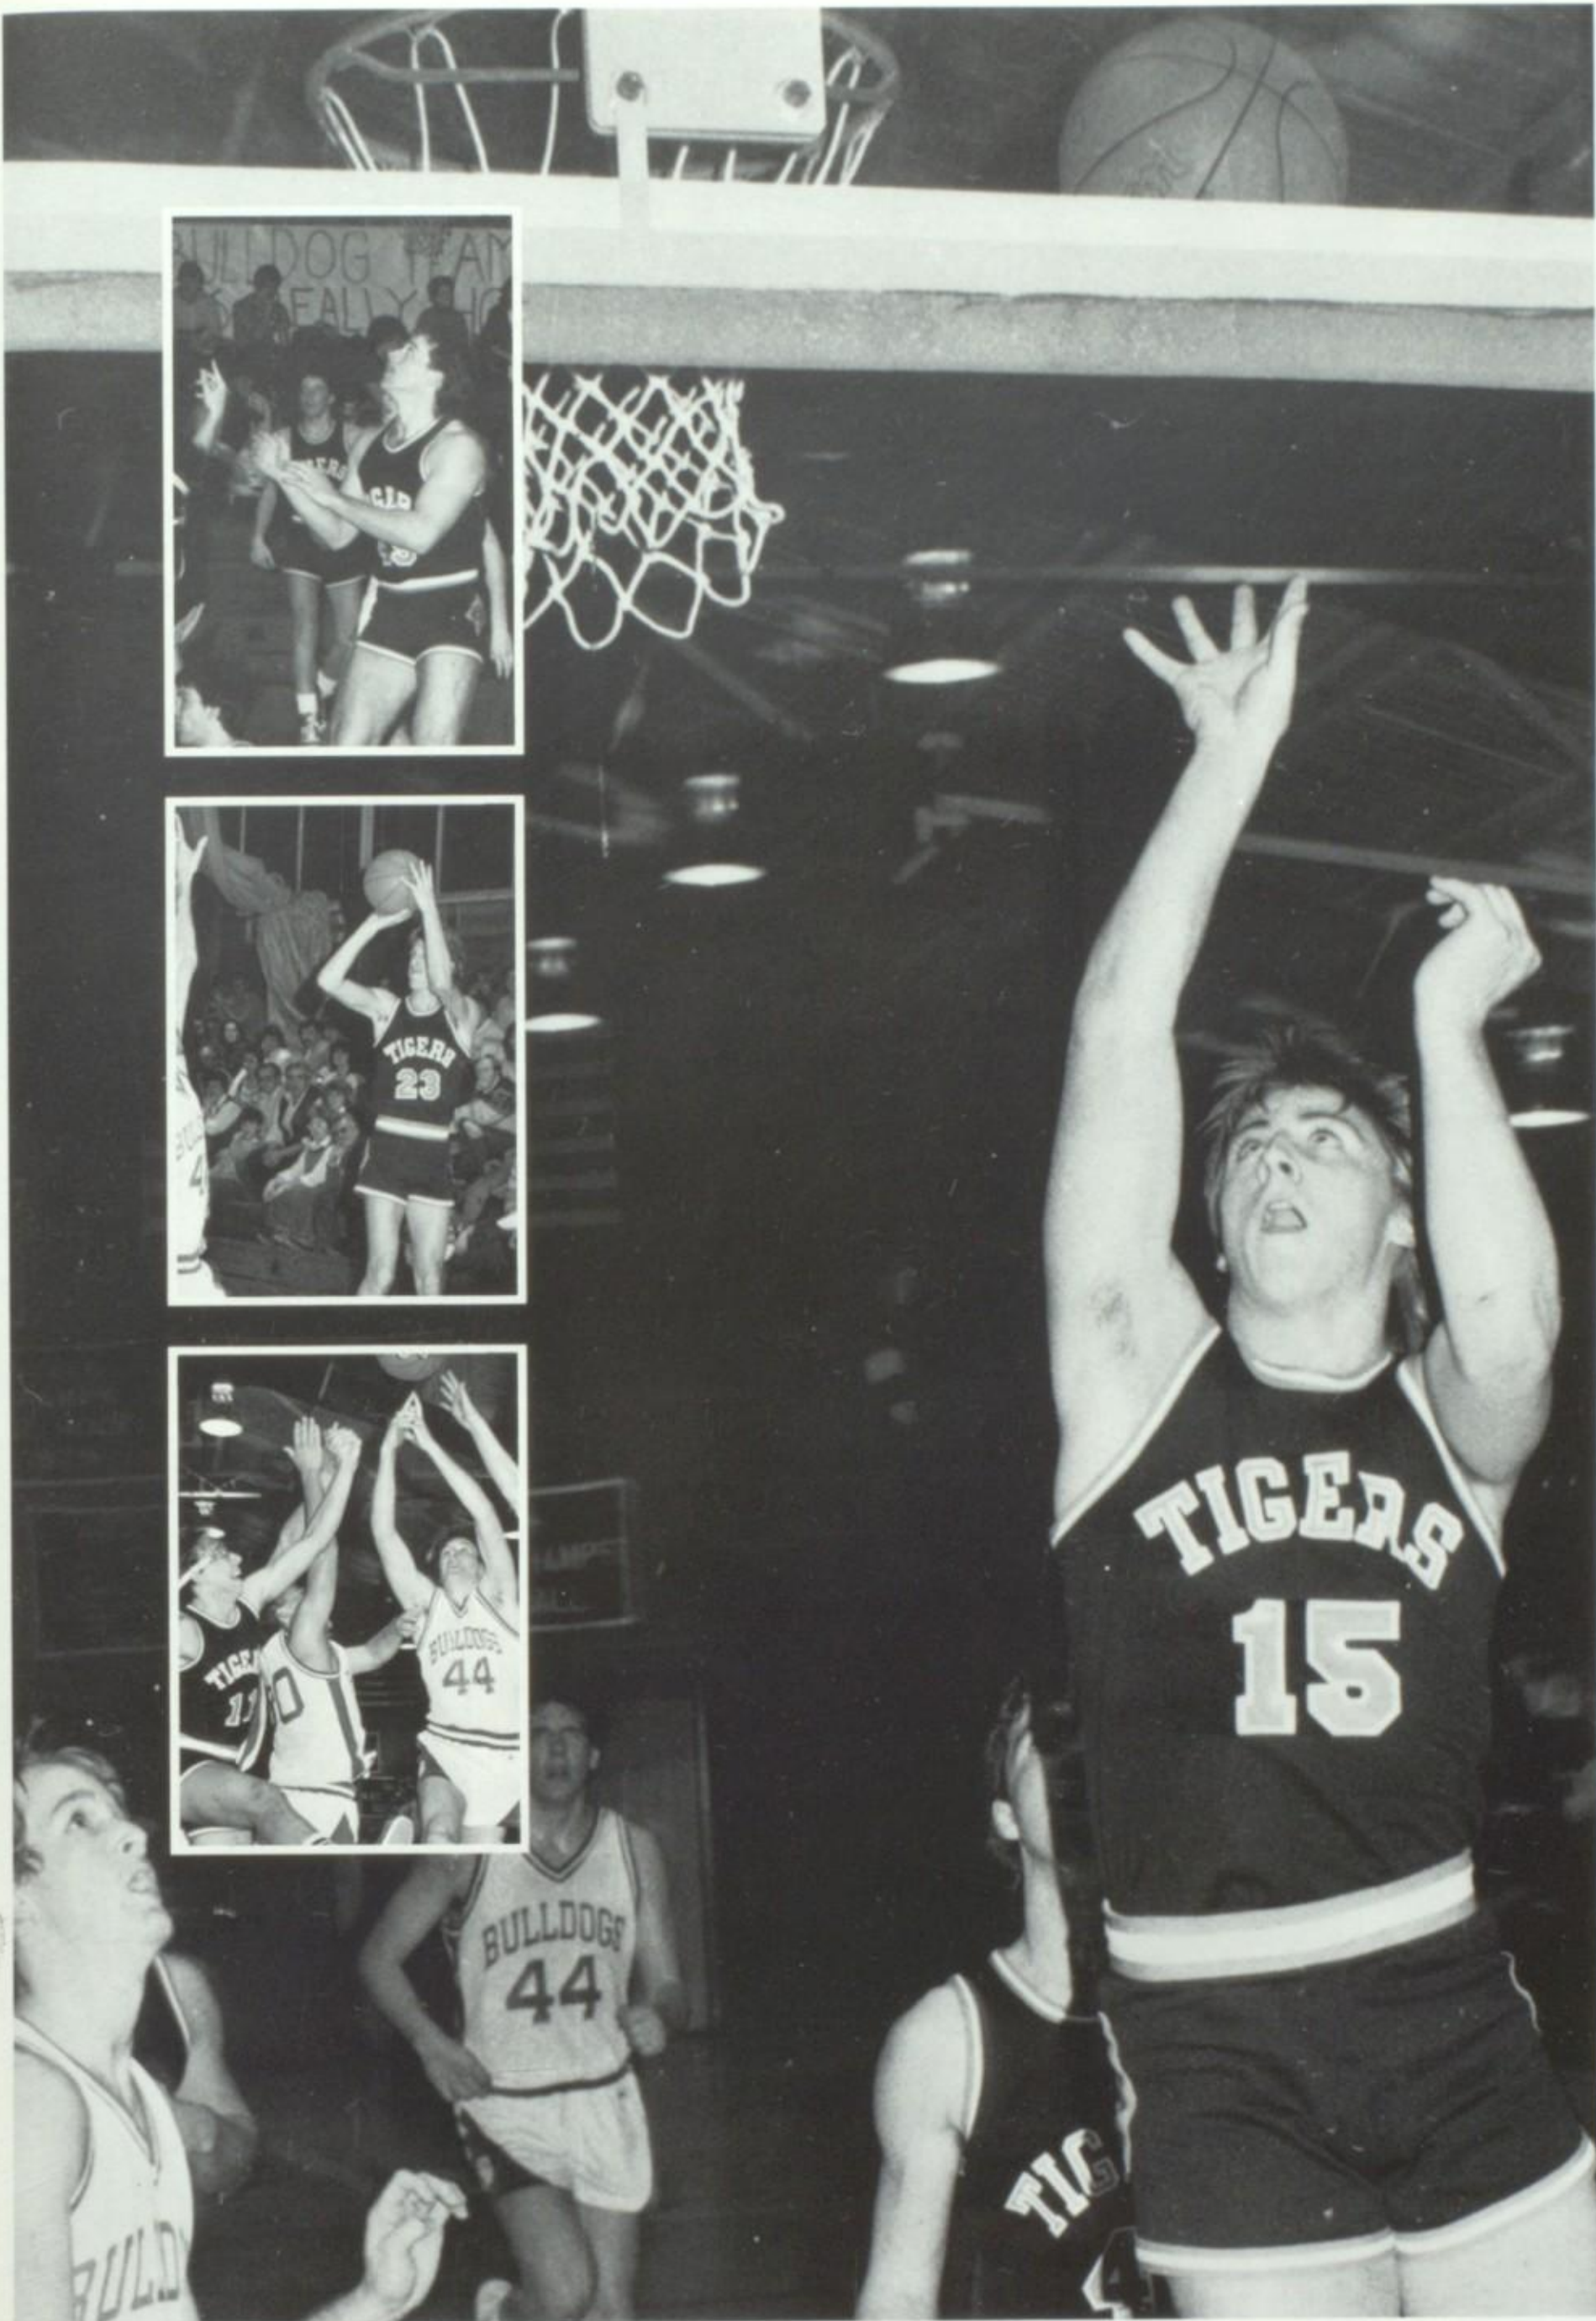

Scott Cornelio set a school record for career assists.

The young players had a fine season giving us hope for continued success.

The Future Appears Bright for Tigertown

The 1985-86 Jay Junior Varsity completed this season with a very respectable 13-5 mark. With the development of these young players it appears that the future for the Tigers is bright and exciting. This season included win streaks of six and five games. It also saw the Tigers Junior Varsity win thirteen of its first fifteen games. The Tigers' leading scorer was Chris Bessey with an average of 21.3 points per game. The Tigers' leading rebounder was Darren Moody averaging 7.2 rebounds per game. Also, leading the team in steals was Sean Cornelio averaging 4.3 steals per game. The 1985-86 Tigers defeated every team in the conference (at least once) except league champion, Winthrop, who the tigers fell short in an exciting 49-48 thriller in the Tigerdome. The Tigers' program will lose seven seniors to graduation this year, but the abilities of the 1985-86 Junior Varsity should make the 1986-87 Jay Tigers Varsity a very exciting team to watch and be very competitive in the always tough Mountain Valley conference and Western Maine Class "C."

The 1985-86 Freshman boy's basketball team completed their season with a record of 9 wins and 4 losses. There was no shortage of excitement for this year's squad as seven games were decided by 5 points or less, including a 48-43 win over rival Livermore Falls.

As each of these players work to develop their talents, we can look forward to following their continued success on the J.V. and Varsity levels.

FRESHMAN BASKETBALL

This year's Lady Tigers consisted of three veteran players and a fine young ambitious group of eight underclassmen. The Lady Tigers were always determined and enthusiastic with each contest with a season ending record of 7-11.

This year's team was led by senior tri-captains Laurie Huff, Mel Farrington, and Rachel Dubord. They showed fine leadership and inspiration to the younger players and all aspects of their game will be missed and certainly not forgotten.

With the blend of many fine young players now associated with the program, the future looks bright for girls basketball at Jay High School.

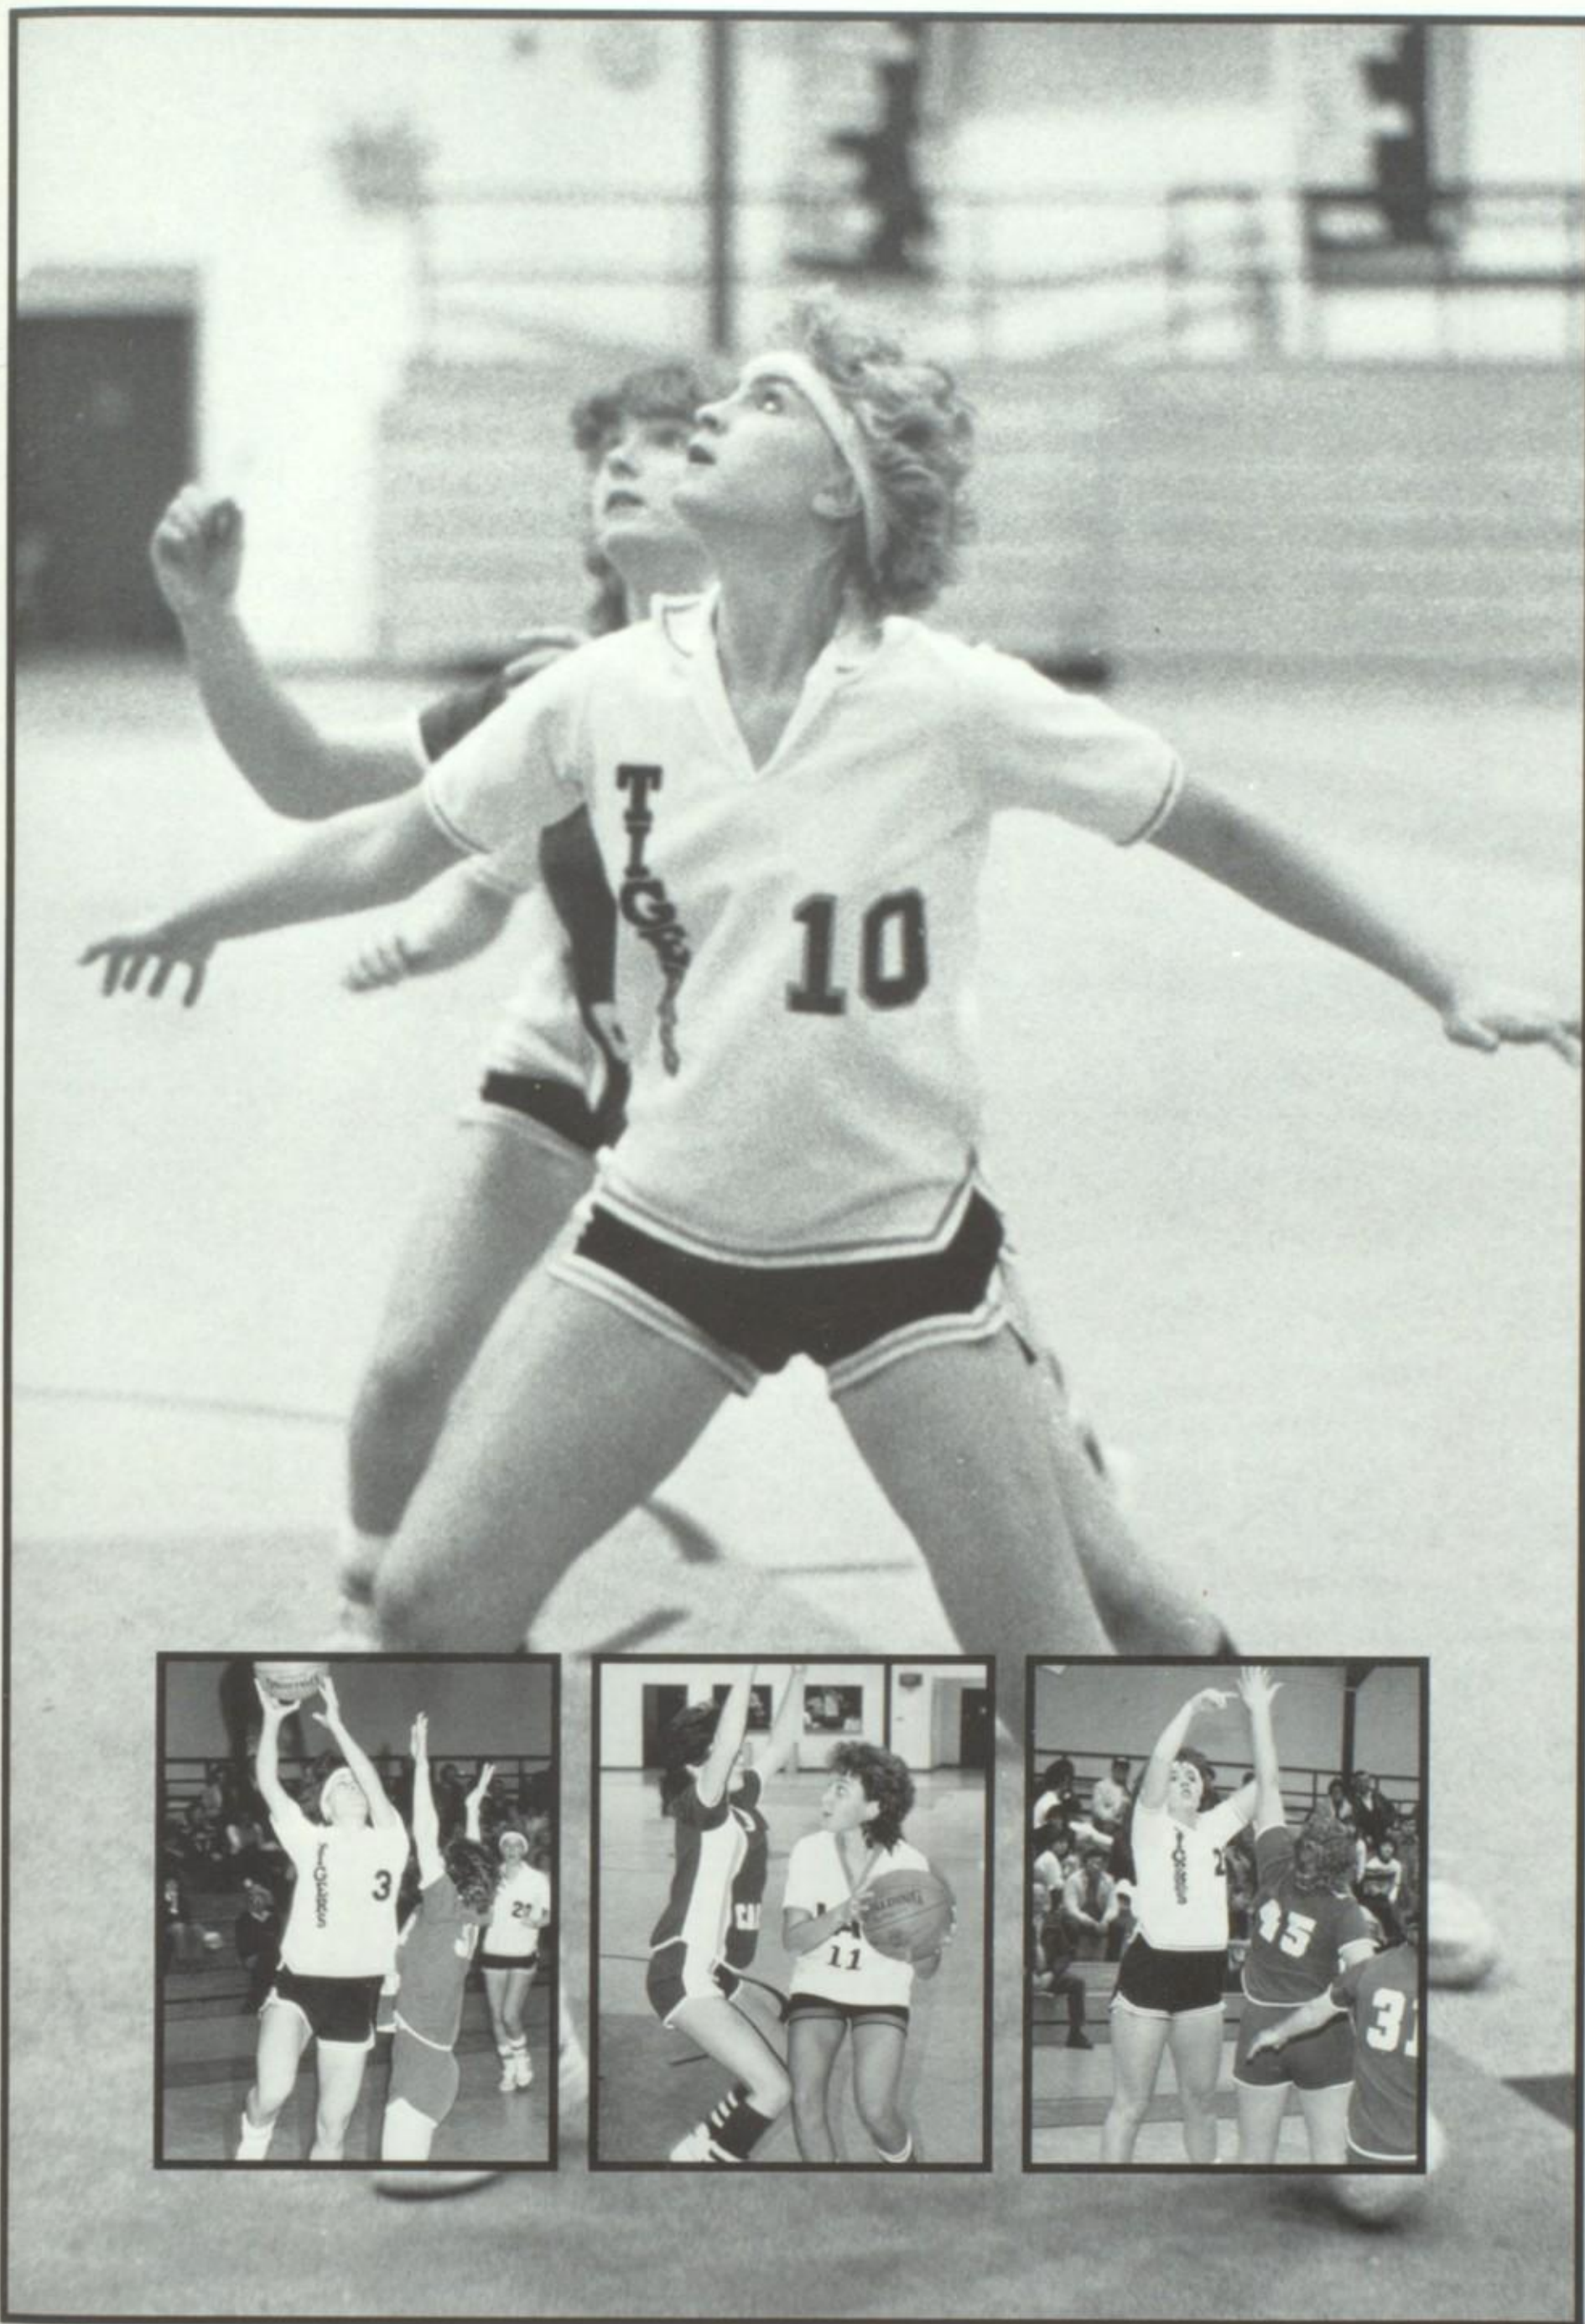

It was an extreme pleasure working with this year's team which was always hard working both on and off the court. They are a credit to their families, school, and most of all to themselves. They truly represent the new phase of Lay Tigers.

Many Thanks

The 1985-86 Lady Tigers J.V. team completed a 5-13 season. The eight freshmen and 2 sophomores learned to play a great man to man defense and pressure defense. This allowed the girls to play an exciting brand of basketball. Included in our 13 losses were 7 games lost by 5 points or less.

I believe that these girls will be playing in the Augusta tournaments before they graduate.

The ski team had a very good year. The boys cross country team was at its best with four of the top five being seniors. During the season they were defeated only once. They went on to take sixth place at states in the individual cross country race and finished third in the relay. The boys also won the MVC's but unfortunately there were only four teams and their must be five to have it officially count. The boys alpine team was lacking strength but ended up doing a good job, finishing fifth overall in the State Meet.

The girls started out slow in the beginning but grew toward the end of the season. With a young cross country team, next year looks very good for the girls. The girls finished third in the MVC's. In the State Meet the girls cross country team finished sixth overall which was great. With a little strength missing in the alpine team the girls took sixth place with all four events added together.

Both the girls and boys worked very hard this year and their results proved that.

The 1985 Track and Field season was successful as shown in the team's third place finish at the MVC meet. Although no records were established, there were a number of good individual and relay performances.

The 1985 team has set the stage for a potentially very successful team for this year. With a great deal of hard work and help from the underclassmen along with good leadership on the part of the upperclassmen, the 1986 Track and Field team promises to be a solid contender in the MVC.

GIRLS TRACK

The 1985 Baseball season was a successful one with the Tigers finishing in second place in the MVC C division race. We were involved in playoff competition for the 8th time in 11 years. The team featured outstanding hitting and a solid, veteran pitching staff.

The most outstanding fact of our season was that we completed our entire schedule without one rainout or postponement.

Perhaps the funniest incident occurred in the second game of our home doubleheader with Oxford Hills when we foiled the Vikings bid for a suicide squeeze play on the now infamous "Finly's Old Lady's In Town" call.

It was time to start over as the new coach, Gerald Maurais got the J.V. team reorganized. The 1985 season, consisted of nine games with the J.V. Tigers capturing 5 wins and losing in the other four games.

When asked what was the most exciting moment of the season most of the players responded with, the game Phil Maurais backed up to catch a fly ball and flipped over the outfield fence on the Andies field.

It was a well-rounded team with good spirits and a good comeback after a year of absence without a j.v. team.

Last season was very enjoyable in every way. The girls had a positive attitude about everything and they really began to play with the belief that they could do anything — any team was beatable and therefore they pulled off a couple real upsets in the league.

The most outstanding moment of the season was when we went to Messalonskee. In the second inning Laurie Huff and Messalonskee's pitcher pitched "NO-HITTERS." We lost 1-0 on two walks and an error — the entire game lasted 56 minutes.

Last year was a record breaking season for us. It was the first year JHS Softball had a "NO-HITTER," the first time we beat the MVC Champs, Mexico, and the first time we were in a playoff game. It was great!

The first thing I would change would have been our loss at Winthrop. Top of the seventh, two outs, down by two runs, second runner on second and Kathy Purington hits a shot to deep left field. I sent Kathy home and it took a perfect throw from the left fielder to throw her out at the plate. I would do the same thing again in that situation — very, very exciting softball. That loss took away our sure playoff spots and forced us into playing Mexico for a third time in the season with the winner continuing with the playoffs. It wasn't us!

My team showed real class throughout the entire season. They were always in control and poised and I am indeed proud to have been their coach. We are looking forward to the season of '86 and if we can duplicate our efforts of '85 it will be a very exciting and interesting season.

Tomorrow

IT'S HERE!! And it hardly seems possible, does it? After all those years of planning and preparing; of working for this important milestone in your life. And now you're thinking about your new tomorrows.

AT CMP we know how you feel, and we're aware, as you are, that what happens tomorrow depends in great part on the work done today.

CONGRATULATIONS and Best Wishes to the Class of 1986 from all of us at CMP.
